NUMBERS AND NARRATIVE: MODELING, STORY TELLING AND INVESTING

Aswath Damodaran, finance professor and experienced investor, argues that the power of story drives corporate value, adding substance to numbers and persuading even cautious investors to take risks. In business, there are the storytellers who spin compelling narratives and the number-crunchers who construct meaningful models and accounts.

Narrative and Numbers - The Value of Stories in Business ...

Worse, I had no faith in my own valuations, recognizing how easily I could move my final value by changing a number here and a number there. It was then that I realized that I needed a story to connect the numbers and that I was not comfortable with story telling, and that realization led me to start working on my narrative skills.

Read Narrative and Numbers if: You're even the slightest but curious about adding a little storytelling to your number crunching the next time you research an investment.--Angele McQuade "Better Investing " Damodaran takes us to the place where Joseph Campbell, Warren Buffett, and the best quantitative analyses of Nassim Taleb intersect, and his journey uncovers new value and risk missed by ...

Narrative and Numbers: The Value of Stories in Business ...

Professor Damodaran basically holds that narrative and numbers are linked: The founder needs a story to justify his valuation, and the publicist needs numbers to validate her pitch. Quants will enjoy Damodaran's portfolio manager approach, judging from the sharp-pencil references to Tufte and Bayes in the margins of my borrowed copy.
