*I wouldn't suggest buying a NETGEAR ROUTER!
This router slowed my internet and made it
barely usable. If you call NETGear you wait
on hold for 1/2 hour than you talk to a tech
then their phone system hangs up on you. I
called back maybe close to 7 times on
Saturday waited 1/2 hour each time. Talked to
a rep for 10-15 minutes than no call back.*

So I am already on a Kong build: Firmware: DD-WRT v3.0-r29440M kongac (04/19/16), which I did from the factory firmware for my R8000. I am confused as it says one can upgrade to another Kong build if using another version, by using a .bin file, but then instruction says to Reset your NETGEAR router to factory defaults first before flashing the Kong firmware.
