Nissan RD28T (2.8 L) turbo diesel engine: specs and ...

The Nissan RD engine series is basically a Nissan RB engine design, except that it is only a single overhead cam six-cylinder diesel engine. It was the successor to the Nissan LD and SD six-cylinder engines and was joined by the six-cylinder Nissan TD engine. From 1997 onwards the turbocharged versions were fitted with electronic fuel injection. The turbodiesel version known as the RD28T and were also fitted to the Nissan Safari 4x4.

Why a Nissan RD28 engine - RD28diesel_Good_Engine_for_...

Anyways, the RD28 block is a proven diesel engine that was also used in Nissan 4 door trucks, the Safari and the Terrano also. Personally, I would of gone with the RD28T or the RD28Ti which was used on the SWB Safaris and the Terranos. But for the best, a TD4.2Ti would have been a sweet marriage between dependability and power.

NISSAN RD28 diesel engine cold start

my old man has an rd28 in his and it would piss all over my rb30 but the rd is a bit slow for towing a car which isnt a real big problem as i dont tow a car that often, im just wanting the car to be a reliable fuel efficient daily driver that also gets a bit of off road work, the biggest tyres il be running would be 33's so the rd should be fine for that, would it be fine on the black top with ...

Used Nissan diesel engines in Denver, CO for Sale

Yesterday I had a look at a Defender that had a 2.5l petrol engine when it left the factory. That was removed and replaced with a Nissan RD28 that mated up very nicely with the existing LR gearbox. The whole job was done properly with amongst others a 300TDi style relay for the glow plugs. Unfortunately the current owner isn't the most honest person I've ever met and appears to be looking for ...
