While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

On Course

Oil prices edged lower as traders tracked the progress of Hurricane Delta, which has brought offshore production in the Gulf of Mexico to a near standstill. U.S. crude futures dropped 0.5% to \$40.95 a barrel. That still leaves them on course for their biggest one-week advance since June. Write to Joe Wallace at Joe.Wallace@wsj.com
