If you are not sure if your rice cooker can double as a steamer, double-check its instruction manual and see if your appliance came with a separate steam tray or basket and if it has a preset steam setting. The larger the cooker, the more you can cook; the size of the rice cooker will always dictate the amount of food you can steam.

History. The founder, Giovanni Achille Gaggia (1895-1961), applied for a patent (patent number 365726) for the first modern steamless coffee machine on 5 September 1938, to be used commercially in his coffee bar. The machine forced water to flow over the coffee grounds at a high pressure, producing the 'crema' that is unique to espresso. The Gaggia company was founded in 1947 and formally ...
