Collaborative writing is defined as scholarship (intensive research and study on a particular topic that produces written work) that is conceptualized, designed, and/or written by more than one author. In the 20th century, rates of collaborative scholarship in academic journals grew at a steady pace in higher education, and currently, joint authorship is more normative than single authorship ...

Writing Collaboratively - Oxford Handbooks

Investigators should discover how particular groups, institutions, and societies talk about and practice secularism—if in fact they do at all—rather than impose a speciously unified concept, derived from one society ' s experience, on all places and times. A critical perspective on “ the secular ” is presented in this chapter, illustrating how
