Zimmer's Parasite Rex is an awe inducing and engaging survey of parasitology. Although the scope is not comprehensive, major disease causing and model organisms are highlighted in parallel with

Parasite ReX - slides.com

Parasite Rex begins with a brief overview of the history of parasitology: until somewhat recently, Zimmer explains, the study of parasites and their impact on other life forms wasn't taken very seriously at all, simply because they were considered too unimportant to have much of an impact. Victorians, in fact, wrote about parasites with ...
