**10 Tips for Parenting a Child with ADHD - AGC Pediatrics**  
Children with attention deficit hyperactivity disorder (ADHD) are often difficult to parent. They have trouble understanding directions. They have trouble with social situations. And those with hyperactivity issues are usually in a constant state of activity. It's an understatement to say that parenting kids with ADHD is a special challenge.

**Understanding children with ADHD | Smarter Parenting**  
Parenting a child with ADHD can be exhausting. Their never-ending supply of energy and desire to talk constantly can tire even the most patient parent. However, providing a child with ADHD positive attention is a good investment. Positive playtime reduces attention-seeking behavior. And it will make your consequences more effective.
