least 250 words–please refer to textbook

Because human services work often
involves direct client interaction, there
are times when the values of the worker
differ from those of their clients. In
these circumstances, ethical dilemmas
tend to arise.

Create your own questions using
Custom Question Builder

Each of the categories in this questionnaire is an important aspect of the total dimensions of health, but this is not a substitute for the advice of a qualified health care provider. Consider scheduling a thorough physical examination by a licensed physician or setting up an appointment with a mental health counselor at your school if you think you need help making a behavior change.
