As noted by Pearson and Gallagher, "The critical stage of the model is the 'guided practice,' the stage in which the teacher gradually releases task responsibility to the students." As such, these lessons eventually fade away as students become gradually more comfortable with the learning and are able to work without the necessary guidance of the teacher.

Pearson Chemistry Reading And Study Workbook Answer Key  
Guided reading helps students develop greater control over the reading process through the development of reading strategies which assist decoding and construct meaning. The teacher guides or 'scaffolds' their students as they read, talk and think their way through a text (Department of Education, 1997).
