Performance Dashboards : Measuring, Monitoring, and ...

Performance Dashboards: Measuring, Monitoring, and Managing your Business by Wayne Eckerson is quite possibly my favorite business intelligence book. I've recommended the first edition of Performance Dashboards to my clients, regardless of whether they were business users or IT professionals. For the second edition, I had two primary questions.

Performance dashboards : measuring, monitoring, and ...

A dashboard is a type of graphical user interface which often provides at-a-glance views of key performance indicators (KPIs) relevant to a particular objective or business process. In other usage, "dashboard" is another name for "progress report" or "report." The "dashboard" is often displayed on a web page which is linked to a database that allows the report to be constantly updated. For ...
