Perkins Engine Part Numbers

U: is the country of manufacture, in this case UK. 123456: is the unique engine number. P: is the year of manufacture. Normally having the first seven letters and numbers is enough for you to make sure you can quickly identify the right parts your engine needs.

Engine Serial Number Search - Perkins Engines

This nomenclature was introduced in 1978 under Perkins' new engine numbering scheme, where the family type is encoded in each unique serial number. Engines that went out of production prior to 1978 may have been retroactively assigned a family type to expedite parts support (this is the case with the Perkins 4.107).
