The Peugeot wagon history starts in 1948 with the 203 sedan, Peugeot's first post war car, and a completely new one at that. A modern unibody sedan, it had the first of Peugeot's long line of classic four cylinder engines: iron block with an aluminum alloy hemi-head, valves actuated by pushrods. The little four had all of 1290 cc and 42 or ...

The engine code is usually stamped somewhere into the engine block. The first 4 or 5 letters / numbers usually provide enough technical information for a car parts supplier to find the right engine related car part for you. You can search our database for engine codes which have been specified with requests in the past.
