Tattoo machine power supply not working, help? | Yahoo Answers

If your power supply is turned up too high, it will sound like a very angry hornet and there will be visible sparks flying off of your contact screw and the front spring. If this happens, slowly turn the dial down on the power supply until the sparks have subsided and the machine buzzes in a softer fashion.

Pocket Indicate Tattoo Power Supply And Tatoo Gun Pieces ...

Tattoo machine power supply not working, help? Got it while ago, but recently it has not been working so well. I set it all up properly two days ago, and pressed the foot pedal and it wouldn't go. I pick up the power supply (box) and shook it a little and it started working for about 1 second, that happened a few times. So made me think...
