Power Inverter Repair Guide Etikinternal

Hi, I have a power Tech-on 1000w pure sine inverter. I use it as a back up power source normally connected to batteries under charge with regulated solar panels.

After 13 months, 1 month past warranty period, it no longer produced AC output but green indicator light comes on as usual with no fault led coming on.

INVERTER REPAIRS - Caprica Solar

MY confreres working in Mapourdt, South Sudan brought two inverters last year December to be repaired here in Nairobi, Kenya. One was just an inverter and the other a combination of inverter and charger. In Mapourdt, the main source of power is solar panels. When they asked one of the electronic repairs shops in Nairobi, they advised them to buy a new machine rather than having them repaired.
