CARS Power Steering - Home

Mustang II GM Pump Power Steering Hose Kits ... it is common to use an early GM power steering pump with an OEM 1974-78 Mustang II / 1974-80 Pinto power rack & pinion. This GM pump to OEM Mustang II/Pinto rack & pinion power steering hose assembly is an inexpensive alternative to the more costly stainless steel braided hose kits.

Sweet Manufacturing, Inc.

To test if the power steering pump is the problem you can connect a pressure gauge in-line between the power steering pump and steering rack. This will allow you to check the pressure that is generated by the power steering pump. If the pressure is within specs as recommended by your manufacturer, then the Power Steering (PS) pump is good.

Understanding and Diagnosing Power Steering Noise

It is common to use an early GM power steering pump with a Mustang II power rack and pinion. Most who have tried it have found that the steering was twitchy or that it easily darts. This valve will replace the existing fitting in the back of the early GM power steering pump and reduces the fluid flow from three gallons-per-minute to two gallons-per-minute, which cures the problem.
