A limited number of trusted and trained administrators who can manage the sensitive and impactful elements of the MDM solution (e.g. able to configure policies, access inventory data, etc). Limited access can be provided for support staff to deliver end user support, but like all administrative rights should be provided on a least privilege basis.

Jobcase

An electoral system or voting system is a set of rules that determine how elections and referendums are conducted and how their results are determined. Electoral systems are used in politics to elect governments, while non-political elections may take place in business, non-profit organisations and informal organisations. These rules govern all aspects of the voting process: when elections ...
