Thus, a brief discussion on the early models of buyer behaviour, proposed by economists is presented, followed by a discussion on each of the traditional perspectives in consumer research that emerged thereafter. These are the behavioural, cognitive, trait, motivational, attitudinal, and situational viewpoints.

(PDF) Consumer Buying Behaviour - A Literature Review ...

Social norms, the informal rules that govern behavior in groups and societies, have been extensively studied in the social sciences. Anthropologists have described how social norms function in different cultures (Geertz 1973), sociologists have focused on their social functions and how they motivate people to act (Durkheim 1895 [1982], 1950 [1957]; Parsons 1937; Parsons & Shils 1951; James ...

Social Norms (Stanford Encyclopedia of Philosophy)

Background: Behaviour change interventions are effective in supporting individuals in achieving temporary behaviour change. Behaviour change maintenance, however, is rarely attained. The aim of this review was to identify and synthesise current theoretical explanations for behaviour change maintenance to inform future research and practice.

Theoretical explanations for maintenance of behaviour ...

In summary, all living organisms require energy for both survival and reproduction. Energy is the ability to do work, where work is done when a force moves an object.
