Pentaprism - Wikipedia

Manual focus with autofocus camera. ... The split prism focus aid and the microprism collar that were common when I got my first SLR went away long ago. The invention of phase detect autofocus swept most of that away. And guess what, the focus screens in modern DSLRs really aren't ground glass either. ... Now from the standpoint of viewfinder ...

XF Camera System

UPDATE: After making this video, I weighed them again using the grams setting on the scales to make the measurement more accurate. The pentaprism is 43 grams. The pentamirror is 13 grams. When we take in to account that, on the model shown in the video, the pentamirror also incorporates the focusing screen and viewfinder eyepiece, the pentamirror is around ¼ of the weight of the pentamirror.
