The COVID-19 global pandemic prompted school closures across the United States, requiring students to attend school remotely. With the goal of providing relevant information to educators and administrators, the What Works Clearinghouse (WWC) conducted a rapid evidence review to report on what works in distance learning programming.

Studies of Distance Learning - Institute of Education Sciences

Further "In January 2013, the Department of Electronics and Computer Engineering was been bifurcated into two separate departments i.e. Electronics and Communication Engineering and Computer Science and Engineering", informs the official website. The CSE department at IIT-R propagates research and for that it has the following laboratories:

Top 7 IITs offering computer science engineering | Shiksha

A Absolute electrode potential In electrochemistry, according to an IUPAC definition, is the electrode potential of a metal measured with respect to a universal reference system (without any additional metal-solution interface). Absolute pressure Is zero-referenced against a perfect vacuum, using an absolute scale, so it is equal to gauge pressure plus atmospheric pressure.
