Manuals | Pulsar  
Pulsar watches are quartz watches that are activated by movement and powered by winding. The basic operation includes setting the correct time on the watch and winding at times when the watch stops or seems more sluggish. By winding normally and consistently, the user can ensure the watch continues to stay consistent.

Pulsar burst onto the world watch scene with the first ever LED watch. Ever since, the name has been synonymous with adventurous and leading edge design. Pulsar was born to be different, has remained different and will always be different and true to its heritage of advanced watchmaking.

PULSAR W863 USER MANUAL Pdf Download.  
Setting the time on your Pulsar digital watch may be a little intimidating without the manual, especially if the watch has several buttons that are not labeled. While the exact directions for setting the time varies between models, the general approach is similar enough to get by with one set of instructions.
