Writing to Learn. Writing is often used as a means of evaluating students' understanding of a certain topic, but it is also a powerful tool for engaging students in the act of learning itself. Writing allows students to organize their thoughts and provides a means by which students can form and extend their thinking, thus deepening understanding.

(PDF) Reading, Writing, and Learning in ESL: A Resource ...

The Relationship Between Reading and Writing. The relationship between reading and writing is a bit like that of the chicken and egg. Which came first is not as important as the fact that without one the other cannot exist. A child's literacy development is dependent on this interconnection between reading and writing.
