160 cc powered by Honda engine that provides dependable no choke starting with the ACS system. True variable speed front wheel drive transmission will turn more easily around landscape features and obstacles.

Snapper Rear Engine Rider Lawn Mower Parts

Rear engine riding mowers really excel in a number of different areas. They have smaller cutting widths than other riding mowers, so they are usually good for lawns that are medium size. You definitely don ' t want to use them on small yards, you can use a push mower for that, or for larger yards, but medium sized yards are really their sweet spot.
