engine riding mowers can be stored on the rear bumper for extended periods when not in use. Complete instructions on how to do this are found on page 20 of the owner's manual, but in a nutshell, this is the proper procedure to follow to insure the rear engine rider will operate properly when taken out of storage:

A package of Battery Acid (Electrolyte), purchased separately, is required for electric start models. SNAPPER Rear Engine Riding Mowers are shipped with steering components, seat & fuel tank detached. After uncrating, inspect the machine for damage, then proceed as follows to assemble and prepare the unit.
