Renault Espace F1 Engine

In 1995, Renault displayed a show car called the Espace F1, which was created by Matra to celebrate both the tenth anniversary of the Espace and Renault's involvement in Formula One racing. Though it resembled an Espace with substantial bodywork changes, the vehicle had more in common with a Formula One car.

When Formula 1 engines hit the road - Road & Track

This Espace came on the scene in 1994, celebrating ten years of partnership between Renault and Matra with ten cylinders for birthday candles. To make the Espace F1, Matra used 1994 world champions Williams Renault's power train unit. This engine was fitted centrally in the Espace without changing the model.
