are greatly received ...

Renault - Russek

Publications

The Renault Safrane was an executive car (E-segment in Europe) designed and built by the French manufacturer Renault from 1992 to 2000. Throughout its lifespan, it remained the most expensive and most luxurious Renault available, although its commercial success was limited, compared to some similar models. It was replaced by the Vel Satis, and to some extent, by the short lived two door Avantime.
