Revolution Disrupt Europe Flashcards | Quizlet
It is truly remarkable that the European revolutions of 1989 occurred largely without violence, by a process of negotiation. But despite the lack of bloodshed, the changes are not undisputed. The economic and social outcomes of the revolutionary changes, which eventually also affected Western Europe, remain politically contentious.

GENERAL CAUSES OF THE REVOLUTIONS in europe
ceded. For the next century, European countries seldom turned to war to solve their differences. Within countries, however, the effort failed. Revolutions erupted across Europe between 1815 and 1848. Clash of Philosophies In the first half of the 1800s, three schools of political thought struggled for supremacy in European societies.

Revolutions of 1848 - Wikipedia
Overall, it is clear that the revolutions in the countries of Eastern Europe all shared the same fundamental causes. What differed, however, was the significance of each factor, thus dispelling the conventional wisdom that a combination of popular protest and the domino effect provides for a definitive understanding of the causes of the revolutions.

Study 14 Terms | History Flashcards | Quizlet
Conservatism, political doctrine that emphasizes the value of traditional institutions and practices.. Conservatism is a preference for the historically inherited rather than the abstract and ideal. This preference has traditionally rested on an organic conception of society—that is, on the belief that society is not merely a loose collection of individuals but a living organism comprising ...
