The signals come from Rugby. Do you have any other radio controlled clocks? You could borrow or buy a cheap one to see if that works. Also try moving your clock around the house to see if it gets any reception anywhere - it could simply be that your bedside is a black spot for reception

### RobertsRadioRepairs

I see the manual says, "If you need any further advice, please call our Technical Helpline on 020 8758 0338 (Mon-Fri)." It might be a good idea to try that. I have a few radio-controlled clocks about the house, and they're fine if they get a good signal for updating the time.
