This K270 keyboard (M/N: Y-R0015) comes with the real unifying receiver so I can pair it with my Logitech M510 mice using one USB receiver. They work great just like my other Logitech products! Note that the keyboard in the MK270 combo is different (M/N: Y-R0042). The combo uses a different wireless technology.

Samsung M510 Manual

A: Answer The M510 uses the Logitech Unifying receiver, so any of the Logitech keyboards that also use the Unifying receiver can be set up to share the same receiver. You can get a listing of the Logitech keyboards that use a unifying receiver by doing a search on the Logitech web site for "keyboard " and "unifying" per the following link [http ...](#)
