Saxon Math 3. At third grade level, the scope and sequence is running slightly behind those of the major Christian publishers with the exception of School of Tomorrow (which lags quite a distance behind) and BLUP with which it is almost comparable. It compares almost straight across with ScottForesman's Exploring Mathematics for Grade 3. Children perform all four basic functions, but multiplication and division are practiced with only single-digit multipliers and divisors.

Saxon Math 3rd Grade Workbook
Saxon Math 3rd grade system is awesome. I used Saxon when I homeschooled my daughter who was too old for these books at that time. I figured if they worked, then these would work. I am currently using them for my students who are seriously behind in their math skills. I love the way Saxon breaks down the concept, introducing it a piece at a time.
