Fun fun fun! I simply adored Rachel Hawkins series, Hex Hall, and was rather sad when it finally came to an end, but I was happy to learn that we were getting a spin-off. I wasn't ready to let go of this world just yet and I'm happy to say that Hawkins hasn't lost her touch. School Spirits is just as fun and marvelous as I'd hope it would be.

When I saw school spirits on the shelf at my library I just knew that I had to read it right away. This book has some differences from hex hall, but it might be tough to understand all the background if you havent read hex ball first.
