Chapter 3 science form 1 1. • Everything (living or non-living things) which has mass and occupies space. 2. • Non-matter do not have mass and do not occupy space. 3. • Matter is made up of many fine and tiny discrete particles. • We may determine the state of matter by their arrangement of particles. 4.

CHAPTER 4 REPRODUCTION

Early Morning hours is the best time to study as you wake up refreshed away from all sorts of disturbances. The ions in the environment is said to be lower in the early mornings hours (3 am - 6 am) which makes the morning hours the best time to study more things in the least possible time. Here are 3 other reasons why morning hours is the best to study.
