Seaweed

This Seaweed Site is a source of general information on all aspects of seaweeds. Seaweeds are marine algae: saltwater-dwelling, simple organisms that fall into the somewhat outmoded, but still useful, category of "plants". Most of them are the green (more than 1800 species), brown (about 2000 species) or red (over 7200 species) kinds, samples of which are each illustrated on this page, and ...

Bio Seaweed Gel USA

Seaweed comes in many forms, and is used extensively in Japanese cuisine. Most of us are familiar with the pressed sheets of nori that are wrapped around sushi, and kombu, the dark green algae that is simmered to make classic dashi broth. Japanese groceries have a dizzying array of salt-packed specialty varieties, but many supermarkets and health-food stores sell packages of dried seaweed, which ...
