Secrets and Lies: Digital Security in Networked World ...

"Secrets and Lies" creates the "little voice" that warns against a vendor's promises to solve all your problems with a \$30,000 box-of-wonders. Of particular interest to me, after training in economics, is Bruce's insistence that "the buying public has no way to differentiate real security from bad security."

Schneier on Security: : Secrets & Lies

Bruce Schneier is the founder and CTO of Counterpane Internet Security, Inc., the recognized leader in network security services. The bestselling author of Beyond Fear: Thinking Sensibly About Security in an Uncertain World and Applied Cryptography, he is an internationally respected security expert.
