I have a 98 GMC Yukon whose Service engine light came on recently. I know what caused it but dont want to pay the dealer to reset it. Is there a way to do it WITHOUT the code reader? Thanks

Service engine soon light - 2004 GMC Envoy
Your Check Engine light can come on if your vehicle's spark plugs aren't sparking properly. Spark plugs should be replaced approximately every 25,000 miles to prevent their eventual failure. A diagnostic test can determine if the spark plugs are the reason the Check Engine warning light has come on.

Resetting the "service engine soon" light - Trucks ...
I would like to know how to reset the computer so that the service engine soon light goes off after a repair has been made to the vehicle? The repair that was made was to replace the coolant temperature sensor. I took it to Auto Zone and they said that was the code that it called for so, I replaced it and the light is still on.

Most Complete List For GMC Check Engine Light Codes
Was the "Service Engine Soon" light on when the GMC was brought to the dealership? The on board computer on your Envoy is constantly checking sensors and emissions for performance, opens and shorts in electrical sensors and wiring.
