The 30,000-mile service is typically the second such requirement of a car's maintenance routine, although it can vary somewhat from manufacturer to manufacturer. Before you go for this service, spend a few minutes reading your car's manual, where the 30,000-mile service should be described.

Do you really need to pay for that 30,000-mile service?

With the Tech 1 or similar scan tool, select the F4 ABS Test mode, then select the F0 "manual control" option. You can now command the rear motor to drive the pistons to the home position. Without a scan tool, open the front bleeder screw at the modulator.
