The integration with the Tow123 towing dispatch system, gives Marshall all the information he needs, presented in one screen. Because I can send and receive calls and quickly see where drivers are, I went from 55 calls a day to 100-120 calls a day without any extra office personnel, says Marshall. In our business, time is money.

A screwdriver is a tool, manual or powered, used for driving screws.A typical simple screwdriver has a handle and a shaft, ending in a tip the user puts into the screw head before turning the handle. This form of the screwdriver has been replaced in many workplaces and homes with a more modern and versatile tool, a power drill, as they are quicker, easier, and can also drill holes.
