Shaping Things by Bruce Sterling - Goodreads

The new technoculture's physical advantages in shaping objects make it impregnable. The imperial technoculture can spew its objects and processes abroad, more or less at will. Those who lack that productive capacity are forced into colonial or defensive postures. That's the Line of Empire. I'm therefore inclined to date the advent of MACHINE

Bruce Sterling | The MIT Press

Michael Bruce Sterling (born April 14, 1954) is an American science fiction author known for his novels and work on the Mirrorshades anthology, which helped to define the cyberpunk genre. Sterling's first ever science fiction story, Man-Made Self, was sold in 1976. He first became famous by hosting annual Christmas event to present digital art.
