Should there be Zoo's? That is the question that everybody is asking writing will explain why there should not be zoos. First, there was a killer whale named Junior and he was taken in from the wild but died only to years later deprived of sunlight, outside air and companionship. So why take animals and put them in zoos if there going to die a few years later?

### Should There Be Zoos By

A zoo is a place where captive animals are put on display for humans to see. While early zoos (shorted from zoological parks) concentrated on displaying as many unusual creatures as possible—often in small, cramped conditions—the focus of most modern zoos is conservation and education.

### Opinion Writing - Zoos - WELCOME TO CASITA 5TH GRADE!

Should not be zoos. First reason why I think there should not be zoos because animals should have their own freedom. For example, tigers, sharks and many more should live in their own habitat that have a lot of space. Just imagine you are an animal and you are put in a small cage. You might feel like it is so tight.
