This section is dedicated to Bicycle manuals & user guides which are included in the main list of categories. The page provides a catalogue of brands and devices, each offering to view or download an updated manual. To see the entire list of Bicycle items designed by a particular manufacturer click on 'More' button.

Sidekick 2 Manuals

Borland Sidekick was a personal information manager (PIM) launched by American software company Borland in 1984 under Philippe Kahn's leadership. It was an early and popular terminate and stay resident program (TSR) for MS-DOS which enabled computer users to activate the program using a hot key combination (by default: Ctrl-Alt) while working in other programs.
