Sociology A Brief Introduction 10th  
Sociology is a study of society, patterns of social relationships, social interaction and culture of everyday life. It is a social science that uses various methods of empirical investigation and critical analysis to develop a body of knowledge about social order, acceptance, and change or social evolution. Sociology is also defined as the general science of society.

Sociology Exam 3 Flashcards | Quizlet  
The field of sociology itself—and sociological theory by extension—is relatively new. Both date back to the 18th and 19th centuries. The drastic social changes of that period, such as industrialization, urbanization, and the rise of democratic states caused particularly Western thinkers to become aware of society. The oldest sociological theories deal with broad historical processes ...
