Mathur, Foundations of Software Testing, 2nd Edition | Pearson
Just a few reorganization of chapters and glossary update. So if the 3rd edition was published to include the syllabus changes, then it is not a very much of update. If you have the 1st or 2nd edition of the book (which are a lot cheaper in this case), I would not buy the 3rd edition of Foundations of Software Testing ISTQB Certification.

Foundations of Software Testing: Amazon.in: Mathur, Prof ...
Software Testing Techniques, 2nd Edition is the first book-length work that explicitly addresses the idea that design for testability is as important as testing itself not just by saying that testability is a desirable goal, but by showing the reader how it to do it. Every chapter has testability guidelines that illustrate how the technique discussed in the chapter can be used to make software ...
