Corporate finance for the pre-industrial world began to emerge in the Italian city-states and the low countries of Europe from the 15th century.. The Dutch East India Company (also known by the abbreviation "VOC" in Dutch) was the first publicly listed company ever to pay regular dividends. The VOC was also the first recorded joint-stock company to get a fixed capital stock.

Corporate finance - Wikipedia

Groupthink is a psychological phenomenon that occurs within a group of people in which the desire for harmony or conformity in the group results in an irrational or dysfunctional decision-making outcome. Cohesiveness, or the desire for cohesiveness, in a group may produce a tendency among its members to agree at all costs. This causes the

Changing conditions tend to un-solve problems that were previously solved, and their solutions create new problems. One must identify and anticipate these new problems. Remember: If you cannot control it, then measure it in order to forecast or predict it. Forecasting is a prediction of what will occur in the future, and it is an uncertain process.
