Split Second is Kava's second book in the Maggie O'Dell series, and I think an improvement from A Perfect Evil. Perfect Evil had inconsistencies and holes in the story and no real surprise at the end. Split Second does not have those fias. It is a well-written mystery book with well-developed characters and a plot pace that was steady.

Split Second by Cath Staincliffe - Goodreads
"Split Second" is a five star offering and if I could give it a sixth or even a tenth star, I would. Split Second book by David Baldacci
A long winded way to get into this review, but "Split Second" was the first novel where Michelle Maxwell and Sean King meet each other, but it is the fourth of their adventures I have read. Some of their back story has been hinted at in the other novels I read but all of those novels were accessible so I didn't really worry about it.
