Sportline heart rate watch
Exact features vary, but many will record the number of steps, distance, calories, speed and time. As of 2010, Sportline has 17 different pedometers available. Pedometers require a set-up process in order to measure your stride length and to properly record calories and time. Check the user's manual for your model for specific set-up instructions.

Free Sportline Watch User Manuals | ManualsOnline.com
Sportline produces a line of watches equipped with the ability to monitor your heart rate. This feature is useful during a workout or other strenuous activity because it provides an indicator of how hard your body is working and will alert you if you are in danger of overexertion.
