Church and state | Britannica

Government Medieval Vocabulary. Feudalism: A political and economic system of Europe from the 9th to about the 15th century based on holding all land in fief or fee and the resulting relation of lord to vassal and characterized by homage, legal and military service of tenants, and forfeiture. Feudalism was the leading way of political and economic life in the Medieval era.

had de facto control over a territory, a population, a government, a capacity to enter into relations with other states, or have been recognised as a state by at least one other state. For purposes of this list, the cutoff between medieval and early modern states is the Fall of Constantinople in 1453.

Post-classical history (also called the Post-classical Era) is the period of time that immediately followed the end of ancient history. Depending on the continent, the era generally falls between the years AD 200-600 and AD 1200-1500. The name of this era of history derives from classical antiquity (or the Greco-Roman era) of Europe. Though, the everyday context in use is reverse (such as ...
