Make a Study Plan. Know the exam topics before starting the preparation. It would help if you made your own time for the topics that you want to study and make sure to understand all the ICND2 syllabus topics. A study plan between the exam date and now will help you manage time efficiently. Spend more time on topics that you think are difficult.

I'm scheduled to take my ICND2 exam on Feb. 20. I have three chapters left of the OFG, in which I've taken notes and compiled in a binder to review later. Once I'm finished, I plan on using all of January to go through all the ICND2 topics in David Bombal's Packet Tracer video course ("Packet Tracer labs for the CCNA exam").

Stop for a moment to read this section about how to create your own study plan for the exam(s) you plan to take (ICND1 100-105, ICND2 200-105, and/or CCNA 200-125). Your study will go much better if you take time (maybe 15 minutes) to think about a few key points about how to study before starting on this journey.
