How tea changed the world. Today, next to water, tea is the most widely consumed beverage in the world, according to the New York-based Tea Association of the USA, which describes itself as the recognized independent authority on tea. On any given day, more than 158 million Americans in almost 80 percent of U.S. households drink tea, according to the group.

How tea changed the world | MNN - Mother Nature Network

Early on, American tea drinkers drank more than their fair share of green tea - about 40 percent - a number that dwindled as low grades of black tea in bags became ubiquitous. Tea fanciers fondly note that it's the second most consumed beverage in the world, after water. As a nation, Indians drink the most, while the Turks drink the most per capita.
