Techniques of the Observer

Techniques of the Observer is a brilliantly creative book with several fatal flaws. Surely, its status as a classic in the history of the senses is well deserved. Jonathan Crary's important innovation rests with the idea that to understand the historical construction of vision, we need to look to the observer as opposed to technology or art objects.

Techniques of the Observer: On Vision and Modernity in the ...

Jonathan Crary's Techniques of the Observer provides a dramatically new perspective on the visual culture of the nineteenth century, reassessing problems of both visual modernism and social modernity. This analysis of the historical formation of the observer is a compelling account of the prehistory of the society of the spectacle.

ion necessary for Brewster's industrial delirium is made possible by the same forces of modernization that allowed Baudelaire to use the kaleidoscope as a model for the kinetic experience of "the multiplicity of life itself and the flickering race of all its elements."44 43. Sir David Brewster, The Kaleidoscope: Its History, Theory, and Construction [1819]. rpt. London, John Murray, 1858, pp ...

Techniques of the Observer - JSTOR

Jonathan Crary does not agree with this interpretation. His deeply ambiguously received book Techniques of the Observer: On Vision and Modernity in the 19th Century foregrounds the discontinuity between the camera obscura and photography and claims that the rupture between modern and classical vision took place at the beginning of the 19th century.
