television. We all know that Google and Facebook are thriving by selling online ads—but they're aggregators, not content creators. As major brands conclude that banner ads next to text basically don't work, the value of digital traffic to content-driven sites has plummeted, while the value of a television audience continues to rise.

Television - Wikipedia  
As satellite and other forms of television have evolved, the term "cable news" has become something of an anachronism, but is still in common use; many other television channels have
